	North A Street				North B Street				
Name	East Only	West Only	Both Sides	No Change	East Only	West Only	Both Sides	No Change	Comment
Richard and Joyce	1				1				This would follow form with existing restricitons
Samantha Howell	1				1				N/A
Nancy Crist	1				1				N/A
Pheasant Ridge LLC - Carla Malloy	1								Any solution to cars parked right next to neighbors driveways?
Sandi Breckenridge		1		1		1		1	Both need parking for school pickup. Also there are apt houses with no off street parking
Mark Mauer		1				1			In the 700 block of N A it looks like most of the homes are on the east side and the traffic enters from the south making it logical to park on the east side
Dale Baltimore		1				1			N/A
Miola Lanphier		1				1			I keep the block picked up of debris and papers. School bus opens door on east side. Kids cross street between cars in front and behind bus.
Kim and Scott Langfort			1				1		I am glad this is being adressed. Please consider review C Ave West as the on street parking is bad as well.
William Ludwick				1				1	No matter what you do, someone's going to complain. Can snow ordinances be inforced?
Debbie Diaz									The only time I have a problem is when there is a daycare in the old whittier school, otherwise I can get through ok. If another daycare goes in that building, having one side in that area no parking. D Ave East needs stop signs. Cross traffic from either east or west just flies through. Dangerous
Mary Clair				1				1	Please leave as it - they drive way to fast down this road going 30 to 40 mph . The cars parked slow down the speeders two blocks with only one stop sign there is only 3 stop signs for 6 blocks.
Conaway				1				1	I have no driveway so have to park on street. As owner and pay taxes please don't restrict parking on streets.
Harold Slagter				1				1	Leave us alone
John Mitterer				1				1	There is not enough parking the way it is at some times. The city has a snow ordinance they use. The issue with cars on the street during that time of cleanup is rental properties with no driveways or parking on property!
Russ Parker				1				1	N/A
Earl & Belinda				1				1	N/A
Vera Graham				1				1	I've never had any issues getting through. A school bus stop is I nmy block so necessary to allow parking on both sides. During snow removal, enforcing no parking on street would be helpful.
Erica Gaedo and Robby Brown				1				1	N/A
David Bowen, Classic Living LLC	1								N/A
Eldon & Christine	1	1							Do not restrict both sides
Jannia Lovejoy	1								N/A
Bradley Carlson		1							N/A
Alan & Denita Tolliver		1							Vehicles are being there left too long without parking enforcement. Leaves and other debris is getting trapped behind vehicles. Not allowing proper run-off. (ex fall and winter)
Jeannene Veenstra - The Kinsmen's Keep				1					Because I own a business on North A St the need for parking is there. I don't notice an issue in the 300 block. There is an issue along the 209 block of North A when the auto business uses the angle spaces to park cars being worked on. It gets very congested and you can't see oncoming cars. The methodist church also needs the parking on the streets for Sunday due to it being such a large congregation.
Kelly Lafollette				1					N/A
Crater Kenmar				1					N/A
Jeffrey Halverson				1					We have a shared driveway and have limited parking so we don't block eachother in. We need the street parking for our vehicles.
Royce Spoelstra				1					Our tenants do not park on the street but visitors do and with the many cars parked on street by other residents it would minimalize available guest parking and my parking when making repairs
Spoelstra					1				We have college kids & they do need parking spaces
Michael Grace					1				N/A
Savanna + Benjamin Boston					1				We have a college house across the street from us + they park typically 3+ cars on the street. Can cause a lot of congestion on our street. Leaving the west side open for parking allows them more space. Thanks!
Marion and Jane					1				Certainly need restrictions
Central IA Ventures					1				N/A
Jessica Van Engelenhoven					1			1	Do NOT restrict parking on the west side of North B. I already have issues with people parking in front of my house that do not belong there and leaving garbage in my yard
Dave Whitver							1		N/A
Larry and Linda Frazier							1		If parking on one side they will park anyway on the other side. Needed this for a long time! Restrict parking both sides!
Joseph and Deborah Nicholson							1		N/A
Eric Brummer								1	I've lived on North B for 6 years. There are times when two-way traffic is a problem but it is far too rare of an occurance to eliminate street parking. Every house on this street uses it. Single stall driveways are for single cars. Multi-car families have to stack and this can be annoying. As long as people use their driveways for snow plows to get through and change would be more trouble than it was worth.
Leland Grubb								1	I have owned and lived at this property for over 30 years. NEVER A PROBLEM
Evelyn Vega								1	The area would look better with restrictions but there are numerous apartments on this street - too many cars with inadequate parking.
Charles Ferree								1	N/A
Crater Kenmar								1	N/A
