City Council Study Session

Meeting Date: May 31, 2018

Requested By: City Manager's Office

Item Title:

Discussion of a possible road improvement project options for the Meadow Creek Subdivision.

Explanation:

This meeting, to be held at the Oskaloosa Public Library, is intended to give City Council the opportunity to review discuss road improvement project options for the Meadow Creek Subdivision with staff and residents of the neighborhood.

Staff from the Public Works Department and City Manager's Office will provide an overview of the project options and seek input on the presented information.

Options staff explored include:

- Complete neighborhood reconstruction, but reducing the width of the street, adding sidewalks, trees;
- Phased reconstruction targeting a small section each year;
- Asphalt rehabilitation of the roadways – staff does not recommend this option; and
- Chip seal roadways – staff does not recommend this option.

Funding options staff has explored include:

- Bonding for the entire project in a few years;
- Bonding and cash funding the project in a few years;
- Assessing each property owner a reasonable, yet proportionate share of the project and either borrowing or cash funding the project; and
- Cash funding, either through multi-year improvements, or saving money until enough cash exists to complete a significant amount of work.

Budget Consideration:

No action can be taken during a study session.

Attachments:

1. Documents will be provided at the meeting.
