City Council Study Session

Meeting Date: March 4, 2019

Requested By: Development Services Dept.

Item Title:

Discussion of Creative Placemaking final action plan.

Explanation:

On May 21, 2018, the City entered into an agreement with McClure Engineering Company for the Oskaloosa Placemaking project. Since that time, the consultant team has been working with the project steering committee to develop goals, assess key themes, and form action recommendations. The team has held a series of visioning sessions, onsite meetings, performed outreach, and completed stakeholder interviews. McClure presented the results and final recommendations to the steering committee on Friday, February 22. Committee members were generally supportive of the recommendations, and no objections were received during the meeting.

A second presentation and discussion will be held with the City Council at a study session on Monday, March 4, at 4:30 pm. This will be an opportunity for the Council to learn about the project results and recommendations, ask questions, and offer feedback. As a reminder, no action may be taken during a study session.

Budget Consideration:

The Creative Placemaking total project cost is \$55,000. This is included in the FY2019 budget and paid from account 001-5030-6490.

Attachments:

None. The action plan is available for viewing online at www.oskaloosaplacemaking.com.
