

City Council Communication

Meeting Date: May 1, 2023

Requested By: Development Services Department

Item Title:

Presentation on the proposed vacant buildings ordinance

Explanation:

On September 19, 2022, the city council held an initial discussion on vacant buildings and considered creating a vacant building registration and inspection program.

The city has since adopted a strategic plan and comprehensive plan which provide support and recommend creating a vacant buildings program to proactively encourage a quality, safe, and attractive community. The program would require registration, payment, and an annual inspection to ensure a building is secure and compliant.

Development Services Director Christ will provide a brief presentation with general parameters of the upcoming ordinance.

Budget Consideration:

A proposed ordinance and fee revision to cover implementation costs will be presented to the council for consideration in May/June.
