504 High Avenue West	Mitrisin Motors	Agree	Deep water puddles accumulate in the (2) existing parking space, so therefore we can not use them
507 High Avenue West	Hot Shotz	Agree	No comments
501 High Avenue West	Precise Imagining	Agree	Would like enforced from 7:30am-5:00pm. I would also appreciate the City making the street go clear over to the curb instead of having the dip before the curb making people getting out of their cars step in a puddle of water or ice
