1. My husband + I cleared walks after intermittent snows in a timely manner (N.G section first - then A AreW. next day). There was no evidence sidewalks had been done by anyone else but my husband and me.
2. We have been responsible thru the years with snow removal and have a working sno blower at the property.
3. Please consider circumstances - severity of snow/ice storm and street accumulations added onto property sidewalks before issuing fines.
4. We would be willing to negotiate a compromise fee to settle this matter (misunderstanding?) - obviously there is confusion on who cleared the property of snow. We can honestly say that my husband + I definitely cleared accumulation of snow on N.G (115 N.G plus my neighbor's house at ~~109~~ 109 N.G) then next day cleared sidewalks parallel to A AreW. Please contact neighbor to confirm this.
