

Study Session Minutes - Oskaloosa City Council
Monday, September 7, 2021
Council Chambers
220 South Market Street 5:00PM

Present: Mayor Krutzfeldt; Council Members Burnett, Drost, Moore, Ottosson, Walling, and Yates.
Absent: Caligiuri. Staff in attendance: Miller and Schrock.

1. Discussion of Urban Park Liability Insurance Coverage. Staff, Sherry Vavra, and Margaret Ratcliff were present to discuss current insurance coverage of the skate park, and the request from MCRF to move the facility to the city. MCRF has not been able to secure coverage for the future unless the facility is staffed while open. The city has the ability to add the skate park to existing coverage and under the umbrella of recreational immunity. After discussion by the city council members, the consensus of the group was to proceed with a future agenda item on September 20, 2021 amending the existing 28E Agreement with MCRF for the Urban Park and add the skate park to the city's insurance. The Agreement should note regular inspections, costs for maintenance to remain with MCRF, moving facility rules to a more conspicuous location, costs for safety improvements as required by the city's insurance to be the responsibility of MCRF.

Meeting adjourned at 5:32 PM
