**Swimmers Under 8 years old must be DIRECTLY SUPERVISED by an ADULT at all times.**

The Edmundson Pool requires parents to maintain direct contact with their children under the age of 8 years old or those who have limited swimming abilities. Providing “Layers of Safety” will help to reinforce the safety of your child. The Edmundson Pool Lifeguards are trained to respond to emergencies and prevent accidents. Assisting swimmers, scanning a broad swimming areas, and enforcing rules does generate distractions that can divert their attention for a moment. We strive to provide a safe swimming environment for everyone, but we cannot do this solely on our own. We need your help to accomplish this task. This interaction with your child will ensure their safety, plus provide you with an opportunity to spend quality time with your child. Educate your child on areas that may become a danger to them based upon their swimming limitations. Teach them to obey all rules and respect others. Working together, ensures safety for all.
